1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 1, line 5, before "groove" insert --first--, and change "another" to --a second--;

Line 6, change "grooves" to --second groove--;

Line 7, change "very open" to --first--;

Line 8, change "grooves" to --first groove--, and change "another" to --second--;

Line 9, change (1) to (11), and before "sheet" insert --first--;

Line 13, change "the sheet" to --a second sheet--;

Line 15, change "this" to --the second--;

Line 19, change "projection-" to --protuberance--;

Line 22, change "stamped" to --first--, change "upper" to --first--, and change "lower" to --second--.

The above changes are needed to provide clear and proper antecedent basis for the various elements in the claim.

2. The following is an examiner's statement of reasons for allowance: the claim is allowable because the prior art of record fails to disclose or teach the recited grooves into which the stamped sheets of metal are inserted to provide support for the pin and spring.
